Dr. Saeb Erekat, General Majed Faraj and Minister of Health Jawad Awwad visited the Dawabsheh family

Secretary General of the PLO Dr. Saeb Erekat, Head of the Palestinian Intelligence General Majed Faraj and the Minister of Health Dr. Jawad Awwad visited the Dawabshah family at Tel HaShomer hospital on behalf of President Mahmoud Abbas this morning.

Dr. Erekat reiterated that Palestine “holds the Israeli government fully responsible for the terror attack against the Dawabsheh family.”

“Settlement construction, impunity to crimes committed against the Palestinian people and incitement against Palestinian existence as a sovereign nation, including calls to recognize Israel as a Jewish State, paved the road for this terror attack.”
